Int. Filing Date: 24 February 2003
Priority Date: 06 March 2002
Atty. Docket No.: STAM3002 PCT
For: METHOD AND COMPOSITIONS BASED ON
DISCOVERY OF METABOLISM OF
NITROGLYCERIN

DECISION ON PETITION

UNDER 37 CFR 1.137(b)

The petition to revive under 37 CFR 1.137(b) filed 05 October 2004 in the above-captioned application is hereby **GRANTED** as follows:

Applicant's statement that "the entire delay in filing the required reply from the due date for the reply until the filing of this petition under 37 CFR 1.37(b) was unintentional" and the prompt filing of the petition satisfies the requirement of 37 CFR 1.137(b)(3).

A review of the application file reveals that applicant has now provided payment of the full, U.S. Basic National Fee. Therefore, the request to revive the application abandoned under 35 U.S.C. 371(d) is granted as to the National stage in the United States of America.

This application is being returned to the United States Designated/Elected Office (DO/EO/US) for treatment in accordance with this decision, specifically the preparation and mailing of a "Notification of Missing Requirements" (Form PCT/DO/EO/905) indicating that an executed oath or declaration of the inventors is required.
